

A Brief Synopsis of Building Permit Activity for May 2012

There were a total of 65 single-family building permits issued in the month of May, maintaining the likelihood that 2012 will continue the bounce back begun last year. The majority of permits issued this month were in unincorporated Tippecanoe County (41 permits) while West Lafayette had 17 and Lafayette had seven.

All of these building permits were for traditional detached single-family housing. The five-year average for single-family May permits (2007 to 2011) is 47.6 permits issued with a mean of 52.5 (the number halfway between the high of 78 permits [May 2007] and the low of 27 permits from May 2010).

No permits were issued for multi-family construction this month. All single-family residential subdivisions which had activity are shown below as well as the location by civil township of the 65 single-family permits.

County Subdivisions:

Huntington Farms	6
Lindberg Village	6
Shawnee Ridge	5
Hunters Crest	4
